

INTERESTED IN DATA-DRIVEN MEDICAL RESEARCH (DDMR)? THEN JOIN OUR DDMR SEMINAR SERIES AT UKK AND UZK

WHO WE ARE

- The Data-Driven Medical Research (DDMR) seminar series is collaborative effort to exchange information about ongoing projects and ideas for DDMR at UKK and Uzk.
- A platform to present your research ideas and outcomes to an interdisciplinary audience. Receive feedback from the audience, discuss future steps with them and find new collaborators.
- A great opportunity for networking.

HOW YOU CAN JOIN US

- Contact us via email (c.f. on the left).
- We will add you to our mailing list through which you will receive regular updates and invitations to the events of the seminar series.

DDMR EVENT FORMAT

- Seminar series with monthly events (**4th Thursday of each month**)
- **Starting time:** 16:00 / 16:30 / 17:00
- **Duration:** 60 minutes/ 90 minutes
- **Location:** On-site on UKK/UzK campus, remote participation is possible (via Zoom).
- **Each event is hosted by a different research group or department.** The host decides about location and timing. You are welcome to host an event too!
- **Usual format:**
 - ~30 min. Presentation
 - ~15 min. Discussion
 - Then: Open Networking
- **Audience:** a mixture of clinicians, biologists, projects managers, and computer/data scientists at any career level.
